

OTHM Level 5 Extended Diploma in Logistics and Supply Chain Management

Qualification Number: 610/0334/7

Overview

The objective of the OTHM Level 5 Extended Diploma in Logistics and Supply Chain Management qualification is to provide learners with a specialist programme of study that provides a depth of knowledge and understanding of key aspects within the Logistics and Supply Chain Management sector.

Learners will study level 4 and 5 units, worth 120 credits per academic year with a total credit value of 240 credits (equivalent to the first 2 years of an honours degree). All units are mandatory.

The Level 4 units lay the foundations of learning by providing an introduction to contemporary Business and LCSM topics.

The units combine both theoretical and practical knowledge in the profession and will develop and enhance knowledge and skills in the areas of academic and research skills, logistics and the business environment, effective performance, planning and accountability, finance, communication, management and team working.

The Level 5 units give learners the opportunities to apply key skills and techniques in a variety of relevant subject areas. The programme of study provides learners with an opportunity to engage with the challenges facing professionals and policy makers in their own country. Learners will develop and enhance knowledge and skills in the areas of leading change, effective planning, risk assessment, forecasting, policy, management theory and practice in logistics and supply chain management.

Successful completion of this qualification will allow learners to work in a variety of roles within logistics and supply chain management and to progress to further study.
