

OTHM Level 4 Certificate in Inventory Management

Qualification Number: 610/3503/08

Overview

The objective of the OTHM Level 4 Certificate in Inventory Management is intended to develop learners' understanding of specialist inventory management knowledge and skills.

The qualification provides learners with an opportunity to engage with the challenges facing professionals in their own country and provides knowledge that underpins the ability to work as an effective inventory manager.

Learners will develop and enhance knowledge in the areas of inventory principles, current and emerging inventory systems, inventory management through a network and essential inventory management skills in regard to shrinking service windows and the real costs of holding inventory.

Successful completion of this qualification will allow learners to work in a variety of roles within inventory management and to progress to further study.
