About this course

The ATHE Level 7 Diploma in Computing is a 60-credit Ofqual regulated qualification at RQF Level 7, the same level as a master's degree. It gives a short introduction to the broad themes of IT strategy, IT development and operational management, including innovation and change, solutions architecture, the impact of AI on organisations and computer-based research methods.

Who it is for

It suits computing graduates and IT professionals who want to grow their business understanding of IT strategy. It also gives a strong base for the specialist pathways of the 120-credit ATHE Level 7 Extended Diploma in Computing.

What you will study

Complete all 4 mandatory units, a total of 60 credits.

Mandatory units

- Managing Innovation and Change in Computing (20 credits)
- Professional Solutions Architect (10 credits)
- Organisations, Technology and AI (20 credits)
- Computer-Based Research Methods (10 credits)

Where it leads

Successful completion of the ATHE Level 7 Diploma in Computing enables learners to progress into or within employment and also to apply for an MSc top-up in Computing or a related subject with UK universities.

As this qualification is approved and regulated by Ofqual (Office of the Qualifications and Examinations Regulation), learners may be eligible to progress to an MSc top-up in Computing or a related subject with advanced standing at universities in the UK and overseas, subject to each university's entry requirements.
