ASSESSMENT  
Assignment-Based

## COURSE OVERVIEW

The ATHE Level 3 Award in Introduction to Computer Programming is a 10-credit, Ofqual regulated qualification designed for learners who want to build a solid foundation in programming — from understanding how languages work to writing their first programme.

This qualification covers the core concepts of programming languages, object-oriented programming (OOP), and how programmes are structured and executed. It's the ideal starting point for anyone looking to enter the tech industry, upskill in a digital role, or progress to higher-level computing qualifications.

Delivered fully online through Course 4U. No exams — assignment-based throughout, with full tutor support and flexible scheduling.
